

# Rocket League: An E-Sports Experience

**Rocket League offers high-speed arcade-style vehicular soccer mayhem with easy-to-understand controls making it perfect for any age and skill-level.**

Registration is now open for Fall and Winter Esports Leagues. Register online at [www.ggleagues.com](http://www.ggleagues.com)

The Skokie Park District is partnering with GGLEagues, a local Esports management platform that focuses on making gaming a social experience for players. We are offering an opportunity for players of all ages to participate in a 1v1 and 3v3 Esports Rocket League competition this Fall. Games will be at 2 p.m. on Saturdays, starting September 12 for five weeks followed by one week of playoffs. Rocket League is a high speed arcade-style vehicular soccer mayhem with easy-to-understand controls making it perfect for any age and skill-level.

All you need is a gaming system (computer, Xbox, PlayStation 4 or Nintendo Switch), internet connection, and the game Rocket League. Participants may form a team of three or register solo for some friendly competition with others across IL. Click on the specific league you're interested in below to register.
