**Skokie Park District
Board of Park Commissioners Administrative
Policy and Procedures Manual**

INTRODUCTION

The Skokie Park District Board of Park Commissioners (sometimes referred to as “Board” or “Board of Park Commissioners) recognizes that the Skokie Park District (sometimes referred to as the “District”) is a unit of local government created by state authority and authorized to acquire, maintain, and operate parks and recreational activities.

The Board of Park Commissioners is the local legislative body entrusted and empowered by law to exercise all of the delegated authority it deems essential for the successful planning, operation, and improvement of the parks and recreation programs within the District.

The Skokie Park District was organized in 1928. Since that time, the Board has established many important policies which serve to direct the operation of the District in an organized and purposeful manner. The Board has assembled the Board of Park Commissioners Administrative and Procedures Policy Manual (Manual) in order to provide a reliable and quick reference to existing policies and administrative procedures.

This Manual is not intended to be comprehensive in nature; the Board maintains policies, rules, regulations and guidelines in addition to those set forth in this Manual. Nor is this Manual intended to be rigid and binding on all matters it addresses. Rather, the provisions of this Manual are an expression of the Board’s desire to establish basic standards for appropriate decision-making, protocol and conduct in the service of the public. Through its use of this Manual, the Board seeks to better ensure open, ethical, accountable, efficient and effective representation.

Should any conflict arise between any provision of the policies and procedures in this Manual and any federal or state constitution, statute, ordinance, code, rule, regulation or other enactment (collectively, “federal or state law”), the provision of the federal or state law shall govern and control.

From time to time, the Board may repeal, amend or supplement any of the policies set forth in this Manual as required by changes in federal or state law, as deemed desirable due to changes in economic or social conditions, and for other reasons the Board deems appropriate. A comprehensive review of all policies should be done every three years.

1.00 BOARD OF PARK COMMISSIONERS

1.01 ROLE OF BOARD OF PARK COMMISSIONERS, EXECUTIVE DIRECTOR, AND STAFF

The Board recognizes the desirability to define the respective roles of the Board, Executive Director, and staff, as well as to distinguish the relationships between each.

The role of the Board is to provide guidelines and chart a general course of action for the Skokie Park District by formulating and approving the policies for the operation, control, improvement, and planning of the park and recreation facilities and activities within the District.

The Executive Director is appointed by and directly responsible to the Board. The Executive Director is the administrator who provides information and professional counsel to the Board while serving as liaison between policy formulation and implementation of same through administrative procedures.

As delegated by the Board, the Executive Director is primarily responsible for administering the operations and functions of the District within the policies and guidelines, as established by the Board. It is also the responsibility of the Executive Director to function as a liaison between the staff and the Board of Park Commissioners. The Executive Director will facilitate the concise and efficient communication of all direct questions, comments, and requests for information between the Board and the staff as well as similar requests between individual Board members and individual staff. Board members shall work directly with the Director, rather than other staff, and shall not participate in the day-to-day operations of the District. Individual Commissioners shall not make requests of staff or give direction to staff, other than to have such communications with the Director.

The District staff members are District employees engaged in the programs and/or services that directly meet the recreational needs of the District. The staff includes division heads, supervisors, and specialists in all areas and aspects of District responsibility.

The primary function of the staff is to perform under the direction of the Executive Director, the various duties and responsibilities required to provide well-balanced and "excellent" park and recreation services.

Copies of the notice will be sent to any news media that has filed an annual request for such notice prior to the meeting as required by law. Minutes will be created for all public meetings and approved by the Board within 30 days after that meeting or at the second subsequent regular meeting of the Board, whichever date is later. Meeting minutes will be posted on the Skokie Park District website within ten (10) days of their approval.

Board Meeting Public Participation Policy

Pursuant to the Illinois Open Meetings Act, any person shall be permitted an opportunity to address public officials at a meeting open to the public under the rules established and recorded by the public body. The Board recognizes the need to establish a procedure for individuals and organizations to have the opportunity to present statements and/or information to the Board at its open meetings. The agenda for all regular meetings shall include a "Comment from Citizens" item. This is a time for the Board to accept input from the public about the District. Additionally, as appropriate, the Board President may allow comment at regular meetings on specific agenda items when they are under discussion by the Board. The agenda for each special meeting will allow for public comment on the agenda item(s) for which the special meeting is called.

During the public comment period of a meeting, the Board President will ask if any member of the public wishes to address the Board. When acknowledged, any such individual should stand and state his/her name. Each speaker is generally allowed three (3) minutes to make comments. If it becomes apparent that there are large numbers of speakers, the President may shorten this time.

The Board President may also impose a limit on the total time allotted at a meeting for public comment in order to enable the Board to be able to complete the regular or special business of the meeting. The Board President may also provide for other procedures, such as requiring written submission of questions by note cards provided at the meeting, or other reasonable means, depending on the nature of the agenda item, numbers of individuals seeking to provide comment, and need to facilitate orderly and efficient use of the public comment period.

The Board normally will not respond to public comments at a meeting. Since most issues brought forth during “Comments from Citizens” are either accepted in their entirety or require Board members to gather additional information before deciding how to proceed, an issue may be referred to staff or a Commissioner for additional investigation and brought back to the Board as a New Business item at a future meeting. If "Comments from Citizens" concerns an item on the current meeting agenda "Action Items" list, the Board President may allow Commissioners to ask questions of the public for the purpose of clarification or to gather further input pertaining to the action item.

Lack of an immediate response to public comments or presentations should not be interpreted as anything other than a commitment by the Board to take the issue under advisement for possible future action.

Personnel matters and other confidential matters identified in Section 2(c) of the Illinois Open Meetings Act will not be addressed during “Comments from Citizens”.

Rules Governing Recording of Meetings

Any person desiring to photograph, or to audio or video record of a Board or committee meeting open to the public may do so subject to the following rules. It is the intent of the Board in adopting these rules to provide reasonable access and opportunity to persons desiring to photograph or make such recordings while at the same time avoiding disruption to and interference with the conduct of the meeting, including the deliberative process, or the ability of other persons attending the meeting to see or hear the proceedings, or the creation of unsafe conditions or damage to property.

1. All recording equipment must be in place prior to the commencement of the meeting.
2. No equipment, wiring or accessory may be affixed or attached to any Park District property without the prior consent of the Executive Director, which consent may be withheld at the discretion of the Executive Director.
3. No person photographing or recording the meeting shall by position, location or movement of self or equipment interfere with or obstruct any person’s view of the meeting or ability to hear the meeting.
4. No person photographing or recording the meeting shall by position, location or movement of self or equipment block or obstruct access to or from the meeting or

to or from the seating in the meeting or to or from any emergency exit in the meeting room or constitute a tripping or other hazard.

5. Equipment or devices used may not emit sounds that are distracting to members of the audience or the Board.
6. While the use of special lighting necessary to photograph or video record a meeting is permitted, flashbulbs or other lighting that creates a glare or shines in the eyes of persons attending or participating in the meeting or is otherwise obtrusive or distracting is not permitted. The President of the Board may require that such forms of artificial lighting not be used.
7. All recording equipment and wiring used shall conform to applicable electrical codes. No accessory shall be plugged in or attached to any electrical outlet that enables more equipment to utilize the outlet than would normally and safely utilize the outlet.
8. Persons operating equipment necessary to photograph or record the meeting shall be given a reasonable opportunity to modify their actions in order to conform to these rules.
9. If any provision of these rules or the application thereof to any person or circumstances is adjudged invalid by a court of competent jurisdiction, such judgment shall not affect or impair the validity of the other provisions of these rules or the application thereof to other persons and circumstances.

1.04 GENERAL CONDUCT OF THE BOARD

The Board of Park Commissioners recognizes the need for decision making and public responsiveness which requires a commitment to sound operating policies. In order to establish a high degree of efficiency among Board members in the performance of their duties, members:

Shall review and become well-informed about issues and agenda items in advance of meetings; respect and consider the opinions of and input received from the public; respect the various points of view of fellow Board members and the principle of collective decision making; participate in Board and organizational decision making; and maintain the confidentiality of matters considered in closed sessions or closed meetings until the Park Board determines that the need for confidentiality no longer exists and votes to release the minutes of the session or meeting to the public.
10. Shall avoid potential conflicts of interest and the appearance of impropriety. Commissioners are subject to the State Officials and Employees Ethics Act (5 ILCS 430/ *et seq.*), as now and hereafter amended, and District Ordinance No. 04-007, the Skokie Park District Ethics Ordinance. *See* Section 1.05 of this Manual. 1.06 POLICY REGULATING COMMUNICATIONS BETWEEN PARK BOARD MEMBERS

This requirement does not apply to discussions between any two members of a five-member park board or board committee.

The requirements of the Open Meetings Act apply not only to in-person discussions, but to “other means of contemporaneous interactive communications,” including telephone calls, video or audio conferences, electronic mail, electronic chat and instant messaging. The Board wishes to comply with both the letter and the spirit of the Open Meetings Act, and therefore adopts the following policy.

Three or more members of the Board shall not discuss the business of the Park District, and a majority of a quorum of any Board committee shall not discuss the business of the committee, in any of the following ways, except after full compliance with the requirements of the Open Meetings Act:

- (1) in person;

Nothing contained in this policy shall be construed as prohibiting a Board member from disseminating information or messages about Park District business to any other Commissioner either in person, by telephone, by e-mail or in writing, provided that no comment, discussion or other similar response is requested or received from more than one Commissioner. Board members should retain hard copies of any such transmittals for a period of at least two years.

If attendance at the regular meeting location is not feasible due to a disaster, then the Park District must make alternative arrangements for the meeting and provide notice of such arrangements to the public. The alternative arrangements must allow any interested member of the public to hear all discussion, testimony, and roll call votes contemporaneously with the meeting. Alternative arrangements include offering a telephone number or web-based link.
5. At least one Board member or the Park District's chief legal counsel or the Executive Director must be physically present at the regular meeting location unless it would be unfeasible due to the disaster.

If the Park District declares a bona fide emergency, (1) notice shall be given pursuant to Section 2.02(a) of the Open Meetings Act, (2) the presiding officer must state the nature of the emergency at the beginning of the meeting, and (3) the Board must comply with the verbatim recording requirements in Section 2.06 of the Open Meetings Act;

To ensure social distancing, commenters should approach the microphone one at a time instead of gathering in close proximity. The Park District is also required to keep a verbatim record of all the meeting in the form of an audio or video recording. The verbatim record must be made available to the public.
9. The Park District must bear all costs incurred in connection with Section 7(e) of the Open Meetings Act.

It is also the policy of the Board to assess the permanent leadership needs of the organization to help ensure the selection of a qualified and capable leader who is representative of the community, a good fit for the organization’s mission, vision, values, goals and objectives, and who has the necessary skills for the organization. 2.03 POLICIES AND PROCEDURES DEFINITIONS

The Board of Park Commissioners recognizes that for operational purposes, a difference exists between Board polices and administrative procedures. For purpose of clarification, the following will be the definitions:

POLICY

A policy is any plan or course of action reflecting the aims to be achieved by the District officially approved by the Board of Park Commissioners of the Skokie Park District.

Policy reflects value judgments on issues related to the purposes of the recreation system and provides guidelines for the operation of the District and thus gives positive direction to the Executive Director and staff in the discharge of their duties.

A policy must be formulated and approved by the Board.

Policy statements can take the form of guidelines for the discretionary action of those to whom it delegates authority.

These guidelines for discretionary action shall constitute the policies governing the operation of the District. They shall be recorded in writing.

The formulation and adoption of these written policies shall constitute the basic method by which the Board shall exercise its leadership in overseeing the operation of the District.

The formal adoption of policies shall be passed by either Board resolution or ordinance and recorded in the minutes of the meetings of the Board. Only those written statements, so adopted, shall be regarded as official Board policy.

All adopted and recorded policies will be placed in the Administrative Policy and Procedures Manual.

PROCEDURES

Administrative regulation is any plan or course of action formulated, developed, and implemented by the Executive Director to facilitate day-to-day District operations within the respective policy guidelines.

Administrative regulation directly guides the staff in providing efficient and enjoyable recreational experiences for the public by detailing the specific course of action to be taken within the general framework of policy.

The Executive Director shall have the function and responsibility of specifying the action required and designing the detailed arrangements under which the District will be operated. These detailed arrangements and specific actions shall constitute the administrative procedures governing the day-

to-day operation of the District. They must in every respect be consistent with the policies formulated and adopted by the Board.

2.04 EXECUTIVE DIRECTOR'S ACTION IN THE ABSENCE OF A POLICY

The Board of Park Commissioners recognizes the need to allow the Executive Director to act on emergency situations in the absence of policy.

The Executive Director is authorized to act in emergency situations, as he/she interprets them, within the District whenever the Board has not provided a policy to guide administrative procedure and action, and circumstances preclude obtaining a consensus from the Board prior to needed action.

In those instances where the Executive Director must take action, those actions will be reported to the Board at the next regular meeting together with a recommendation on the wording of a policy statement that will cover future situations.

2.05 DISTRICT INVOLVEMENT IN COMMUNITY EVENTS

The Board of Park Commissioners recognizes that from time to time there are various non-District sponsored community events conducted within the boundaries of the Skokie Park District.

The Executive Director has the responsibility of determining whether or not, and to what extent, the District will become involved in a community event.

All such requests will be reported to the Board regardless of the dollar amount.

The District will consider the following factors to determine whether to participate in a community event:

1. Whether the event is consistent the District's mission and philosophy;
2. Whether the event is in the best interests of the District;
3. Whether the event enhances the park and recreation opportunities of the District;
4. If the event compliments and not competes with a District program;
5. If the event is open to all people;
6. Cost impact on the District;
7. The impact on any District staff involvement; and
8. Whether or not the event is sponsored or organized by a not-for-profit organization or other government entity.

The Board notes that each case should be considered on its own merits, that there must be flexibility for consideration and that, in general, participation in community events is a legitimate and appropriate role of the District.

2.06 FREEDOM OF INFORMATION ACT (FOIA)

The Board of Park Commissioners recognizes the need to make certain that the open deliberations and votes of the Board and other District records are available to public. Records subject to disclosure include any materials prepared by, for, or in the possession of the District or in the possession of any agency/entity with whom the District has contracted to perform a governmental function on behalf of the District or that directly relates to the District's functions. The District can deny a request for records that are specifically exempt from coverage under the Act.

The Act requires that each public body appoint one or more FOIA Officers who annually complete an electronic training curriculum developed by the Illinois Attorney Generals' Office. Their responsibilities include receiving information requests from the public and sending responses in compliance with FOIA. The Executive Director is designated as the Freedom of Information Officer. Alternate FOIA officers designated are the Superintendent of Business, Superintendent of Recreation and Facilities, Superintendent of Parks and Assistant Superintendent of Recreation.

To review a record, a person must submit a request in writing via personal delivery, mail, e-mail, telefax, or other means available to the District at its main office, Weber Leisure Center, 9300 Weber Park Place, Skokie, IL 60077. The District cannot require that the request be submitted on a standard form or that the requester specify the purpose of a request, except to determine whether the records requested are for a commercial purpose in order to determine whether to grant a request for a fee waiver. A commercial request is when the requestor seeks to use public records for sale, resale or solicitation or advertisement for sales of services. For convenience, a FOIA Request for Public Records Form is available.

The District is not required to copy a public record that is posted on the District's website unless the requestor cannot reasonably access the record on the District's website. If a record is available on the District's website, the District must instruct the requester that the record is available online and direct the requestor to the website and where the document can be located on the website.

Within five (5) business days after the date the District receives a non-commercial request, one of the designated FOIA officers reviews and responds to the request. If the requestor asks for copies of the information requested, the Officer provides duplicate copies at no cost for the first fifty pages (in black and white or color, letter or legal size) and additional pages for an amount permitted by law. For abnormally sized copies, the District charges the requestor the actual cost for making the copies. Information may also be provided in an electronic format if requested and if available in electronic format.

Beyond the five (5) business days, the FOIA Officer can extend the response time for a non-commercial request no more than five additional business days. The time period can only be extended for the following reasons: if the requested information is stored at a different location, requires the collection of a substantial number of documents or an extensive search, the request is in categorical terms and requires extensive research to narrow, has not been located, needs to be reviewed further by staff to determine whether they are exempt from FOIA, cannot be produced without unduly burdening the public body or interfering with its operations or requires the public body to consult with another public body that has substantial interest in the requested subject matter or both parties agree in writing to an extension specifying when the request will be filled.

The District must respond to commercial requests within twenty-one (21) working days after receipt.

To encourage citizen participation in the government process, the District will disclose public records as required by the Freedom of Information Act (FOIA). Any public records are posted on the District's website. Compensatory information pursuant to PA-97-609 is posted on the District's website.

2.07 PARTICIPATION IN PROFESSIONAL DEVELOPMENT PROGRAMS

The Board of Park Commissioners recognizes that there are benefits derived to the Skokie Park District by attendance of the Board members and staff at those professional society meetings, conferences, and seminars that are frequently offered in the various professional fields.

These activities provide a constructive forum for the exchange of ideas, the discussion of and frequent solution to common problems, and often result in stimulating creative thought and fresh approaches to District activities.

Conferences and seminars for which attendance is beneficial are those sponsored by the national, state, and local District affiliated organizations.

The Executive Director shall have the authority to approve seminars within the scope and intent of this policy and budgetary limitations.

The estimated cost for conference and seminar attendance and participation will be included in the annual budget.

Division heads and full-time professional staff shall be accorded the privilege to attend workshops, seminars, meetings and conferences at the discretion and with the approval of the Executive Director.

Longevity of service, membership in the sponsoring organization, recent attendance at meetings, value to the District, location of the meeting, effect on District operations, and available funds will be taken into consideration when the question of attendance arises. Administrative procedures, travel expenses and additional details on professional growth and continuing education for employees are included in the Personnel Policy Manual.

The District's regular full-time employees may be extended the privileges of further training at the District's expense, at colleges, universities, high schools, workshops, seminars, etc. Employees are encouraged to pursue formal and/or vocational education that is related to their position and where it would prove beneficial in areas of work performance, and as funds permit.

For full time employees wishing to enroll in advanced formal educational training (college classes, etc.), the approval of the Executive Director must be obtained in advance. See Personal Policy Manual for complete the District's policy on tuition reimbursement.

2.08 COOPERATION BETWEEN AGENCIES

The Board of Park Commissioners recognizes the need and desirability of cooperating with community agencies in order to best serve the residents of the District in the most economical manner. The Board members and staff of the Skokie Park District shall strive to cooperate to the fullest extent with agencies and groups in the community, including governmental, public, private, and volunteer organizations.

The District may enter into cooperative agreements to include but not be limited to:

1. Intergovernmental Agreements with school districts
2. Intergovernmental Agreements with municipalities
3. Intergovernmental Agreements with other taxing bodies
4. Intergovernmental Agreements with other park districts
5. Public/Private Partnerships with private firms or enterprises

All cooperative efforts should be instituted when it is believed that such cooperative efforts will better serve District residents while making the best utilization of District revenues.

This cooperation, however, shall not be initiated or endured to the detriment or curtailment of the functions or operations of the District or to detriment or curtailment of prior commitments with individuals or groups.

All contacts with other agencies shall be handled through the office of the Executive Director, except where he may authorize such relations to be maintained by other staff members.

2.09 GRANT APPLICATIONS

The Board of Park Commissioners recognizes the importance of governmental and private grants to the Skokie Park District. Such grants serve to reduce the direct financial burden on District residents and may serve to make facilities available, which would not be without the financial assistance provided.

The District will only solicit grants when it is felt that the grant or grants will serve a specific need and is in the best interests of the District.

The Executive Director, will pursue the necessary grant application steps in order to secure such grants and keep the Board apprised of its progress.

The Executive Director will also develop and maintain an ongoing grant solicitation program.

2.10 RISK MANAGEMENT

The Board of Park Commissioners recognizes the need to protect Skokie Park District from financial loss due to risk exposure and provide a safe working environment for the District staff and users of the District's facilities and programs.

The Executive Director shall be responsible for the design and implementation of a risk management plan with sufficient insurance coverage to prevent unbearable financial loss to the District, subject to approval of the Board. As a part of that risk management plan, the District will make every effort to initiate an ongoing loss prevention program and continuing safety training program.

The risk management insurance plan will be reviewed prior to each annual renewal date and changes in coverage will be made when needed or financially desirable. All significant changes require approval of the Board.

The administrative and supervisory personnel of the District are committed to a firm stance regarding the daily assurance of a safe, well-maintained environment for activity participants and programming staff. To this end, a Safety Manual, which is distributed all employees, has been developed as a means to assist staff in obtaining a clear understanding of safety/risk management guidelines and procedures for the District. The Manual is to be updated by the staff, when required.

The overall effectiveness of this safety program relies upon the content of the Safety Manual and adherence to its policies and procedures by District staff and patrons.

2.11 SOCCER GOAL SAFETY AND EDUCATION

The Park District has adopted a Soccer Goal Safety and Education Policy pursuant to the Illinois Movable Soccer Goal Safety Act, also known as Zach's Law, 430 ILCS 145/1 *et seq.* The policy outlines how the Park District will specifically address the safety issues associated with movable soccer goals. Please refer to the District's Safety Manual for a complete copy of the District's Soccer Goal Safety and Education Policy.

2.12 HEAD INJURY EDUCATION

Proper medical treatment following a sustained head injury by a Park District patron is extremely important. An individual is often disoriented and not necessarily able to make sound decisions regarding their medical treatment after a head injury. As such, and as encouraged by Section 8-24 of the Park District Code, the District will use reasonable efforts to make available to users of District facilities electronically or in written form, concussion and head injury educational materials which may include those produced or distributed by the Illinois High School Association, the U.S. Centers for Disease Control and Prevention or other comparable materials.

2.13 OPEN SPACE/PARK LAND USE POLICY

STATUTORY AUTHORITY

Statutory law directly governs the powers, duties, and purposes associated with the formation and operation of Illinois park districts. As a result, the Skokie Park District has the power to levy and collect taxes for authorized purposes on all taxable property in the District. Funds may be accumulated annually for purposes relating to the planning, establishing, and the maintaining of a

park and recreation agency with related programs. The District, within its boundaries, may acquire by gift, grant, transfer, or purchase real estate and lands for parks, facilities, and playground purposes. This land may be improved, equipped, conserved, or maintained.

PURPOSE

The District shall acquire, develop, and maintain land in accordance with its adopted high standards, financial ability, and overall needs of the District.

LAND ACQUISITION

1. It is recognized that the vast majority of land within the boundary of the District is being used and that open space available for acquisition is at a minimum. Nevertheless, the District will analyze and evaluate any land or open space which becomes available for acquisition which may enhance its park/facilities system. Such land will be acquired by purchase or donation only as it fits the present or future recreation needs of the District.
2. The District will not accept or purchase land to prevent that land from being used for a specific purpose unless such land is needed for recreation purposes by the District.
3. The District shall assist in rendering any publicly owned land useable for recreation purposes by a written lease of this property. The only land that will be considered for leasing is land which is compatible with the plans of the District to provide recreational functions.
4. Park land leased by the District will be for any valid corporate purpose.

COOPERATIVE RESPONSIBILITY

1. The District may work with any other unit of government or other entities on land use projects in which there is a common interest.
2. The District will consider requests from other units of government to utilize park land for purposes other than recreation if such requests does not deter or alter from the original intent of recreational usage.

2.14 IMPROVING OR DEVELOPING LEASED LAND OR FACILITIES

The Board of Park Commissioners recognizes that it would be advantageous to the Skokie Park District to improve and/or develop leased land or facilities whereby such land or facilities would better serve the District.

It is the Executive Director's responsibility to study and research each lease situation and present to the Board the facts and a recommendation relating to what would be appropriate reimbursement.

Under normal conditions, District facilities will be considered for development, improvement, and/or renovation prior to such consideration being given to a leased facility.

The minimum length of any such lease prior to development will vary depending on the unique condition of the facilities and the District's needs at a specific time.

2.15 EASEMENTS

The Board of Park Commissioners recognizes that the granting of easements on Skokie Park District's property or the requesting of land for an easement for the District may from time to time be in the best interests of the District.

The Executive Director has the responsibility for determining the District's position relating to each individual easement situation taking into consideration the impact upon the site, residents, neighborhood, and the general best interests of the District.

The Executive Director will present the recommendations to the Board for its approval concerning the acquisition or granting of an easement.

2.16 PROVISIONS FOR SPECIAL RECREATION

The Board of Park Commissioners recognizes the need to provide quality recreation for special populations that live within the Skokie Park District within the financial resources available.

The District may meet its responsibilities through participation in a cooperative special recreation association where such is more economical or viable than an in-District program. It is the Executive Director's responsibility to monitor the performance of the Special Recreation Association and report to the Board accordingly.

The Board appoints the Executive Director and an alternate to serve on the Special Recreation Association Board.

1. The Executive Director will report on the Special Recreation Association's activities at the regular Board Meeting as needed
2. All minutes, program guides and other appropriate information from the Special Recreation association will be given to Board members on a regular basis.
3. The Executive Director of the Special Recreation Association may provide a written and/or oral report to the Board on a regular basis consistent with his/her reporting schedule.

The District will meet its financial obligations for the support of the Special Recreation Association primarily through a tax levy provided for this purpose. Payments of tax receipts will be forwarded to the Special Recreation Association following normal disbursement procedures.

The representatives from the District have the responsibility to act on behalf of the District in their actions with regard to the Special Recreation Association's Board. When possible, the Special Recreation Association representatives will consult with the Board prior to the making of major decisions affecting the District.

Effective 1972, the Skokie Park District became a member of the Maine-Niles Association for Special Recreation. M-NASR offices are located at 6820 West Dempster Street, Morton Grove, IL 60053.

2.17 MARKETING MATERIALS AND LOGO USE POLICY

The Board of Park Commissioners recognizes the need for professionally-designed marketing materials and the standardized use of all Skokie Park District logos on District publications, including but not limited to fliers, posters, pamphlets, news releases and any other print or electronic publications or web sites, and on District shirts, uniforms and vehicles.

PROCEDURES

1. A District Marketing Department has been established to design all marketing materials. Absent the Department's time or ability to design a marketing piece, publicity pieces designed by, or under the instruction of, a District manager or supervisor should then be approved by the Marketing Department before publication and dissemination.
2. The Marketing Department serves to design all needed new logos and consult on the use of all District logos on all District marketing materials, print or electronic, as well as logo use and design on shirts, uniforms and vehicles, according to the District's logo standards below.

LOGO STANDARDS

The following standards for usage of District logos will be followed:

1. The Skokie Park District "tree logo" will be used in black, white, and official SPD forest green (CMYK: 100-0-78-42) only. There will be no multi-colored use of the SPD tree logo.
2. The SPD tree logo will never be used at a smaller size than 1.25 inches.
3. The SPD tree logo will be used at an aesthetically-pleasing size according to the piece on which it is displayed, and at an aesthetically-pleasing distance from other design elements to which it is adjacent. When in doubt, the marketing department is available to make these professional aesthetic judgments on all uses of the SPD tree logo.

4. The SPD tree logo will never be stretched to a proportion other than the proportion of its original design.
5. The preferred position of the SPD tree logo on print or electronic pieces is at the top or the bottom of a document or web page.

2.18 LIGHTED SIGN POLICY

The Board of Park Commissioners recognizes the need for a lighted sign policy at the Skokie Park District facilities (Oakton Community Center, Weber Leisure Center and Park Services) featuring lighted display signs. These displays will contain publicity for programs and special events of the District.

1. All requests will be submitted to the Marketing Department. Requests will be prioritized and scheduled as needed.
2. The lighted signs will be used for District wide events (Festival of Cultures, 4th of July, Backlot Bash, Scream Scene, etc.), program messages, public service announcements etc., and coordinated by the Marketing Department.

 - a. Local government including Village of Skokie, Skokie Public Library and school districts; and
 - b. Local service groups, Chamber of Commerce, Rotary, and Kiwanis.

2.19 TREE DONATION POLICY

The Board of Park Commissioners recognizes the need for a tree donation program in the community to provide for individual or group needs with regard to dedications, enhancement of parks and memorials.

1. The program will be coordinated by the Parks Division. All inquiries will be directed to the Superintendent of Parks.
2. The minimum donation is \$125.00 with a maximum level of \$500.00. All donations will be equally matched with District funds.

5. The Landscape Supervisor will order donor plaques to be displayed at the Weber Leisure Center
6. The District will replace dead trees for a period of three years. Trees will be replaced at similar value. There is no guarantee of same tree types.
7. Files and forms for this program will be kept in the office of the Superintendent of Parks.

2.20 GUIDELINES FOR AFFILIATE ORGANIZATIONS

The Board of Park Commissioners recognizes that within the Skokie Park District, certain activities or programs can be best implemented through the development of special interest organizations, hereafter referred to as Affiliate Organizations. The District shall determine those activities best provided through this programming method and further define the relationships that exist between these organizations and the District. The normal transition of an organization, which seeks affiliate status, may evolve from interest groups currently existing within the community, District programs that have demonstrated viable growth potential, and newly formed special interest organizations. The following guidelines have been established to provide a clear understanding of the District's relationship to these organizations and a reporting system to ensure conformity and consistency with the standards and philosophy of the Skokie District.

DEFINITION OF RESPONSIBILITIES

Affiliate Organizations shall provide their own basic leadership and delegate operational responsibilities to its membership. The utilization of District staff and administrative services shall be subject to the approval of the Executive Director. Affiliate Organizations and their respective activities shall strive to achieve and maintain the following objectives:

1. Activities sponsored by Affiliate Organizations must support the District's mission and demonstrate the following wholesome and worthwhile values of recreational and leisure pursuits:
 - a. The activity shall develop a sense of achievement and self-respect.

- b. The activity should stimulate creativity while developing new skills.
 - c. Benefits shall include the improvement of physical health and/or general well-being of its participants.
 - d. The activity should provide for interesting, challenging and exciting experiences.
 - e. The nature of the activity should enhance avenues of socialization.
 - f. The existence of the organization shall be of value to the District community.
2. Activities sponsored by Affiliate Organizations must service a specialized interest group established to serve members/participants who are residents of the Skokie District. The Board recognizes that several Affiliate Organizations, due to the nature and provision of activities, could not exist if required to maintain residency standards with 100% representation. However, Affiliate Organizations must demonstrate that the enrollment for any and all programming is composed of at least 51% residents of the Skokie District community. Any exception to this standard must be approved by the Board of Park Commissioners.
 3. Affiliate Organizations must promote activities, which supplement existing District programs or provide for viable activities not currently offered within the scope of the District and/or any of its affiliates.
 4. Affiliate Organizations who choose to utilize the District for the purpose of registration of participants must adhere to the following:
 5. Any and all refund policies must be clearly presented to the District and strictly adhered to. Refund policies must include circumstances under which full or partial refunds will or will not be given. Refund policies must also include information on the proper procedure(s) for requesting a refund. The District shall not accept or honor any refund request made related to an Affiliate Organization program.
 6. Any Affiliate Organization that chooses to offer scholarships must provide the District with documentation of scholarship application and award policies and procedures, as well as an appropriate application form which will be distributed to applicants. Affiliate Organizations are not required to provide scholarship information on registration forms.
 7. Participant registration for Affiliate Organization programs may be accepted by the Affiliate Organization or by the District. The registration process for each Affiliate Organization will be defined in the Affiliate Organization agreement between the Affiliate and the District.

8. Payment(s) and or transfer(s) of funds to the Affiliate Organization from the District of program registration revenues shall be less any administrative and/or field services fees assessed by the District for the individual program. All payment(s) and or transfer(s) of funds to the Affiliate Organization from the District must be approved in writing by the Affiliate Organization Treasurer, or an otherwise delegated and previously identified officer of the Affiliate Organization.
9. Affiliate Organizations which offer recreational or competitive athletics programming must demonstrate through their individual by-laws, rules or special documentation that they are committed to the ongoing training and education of players, coaches, parents and spectators in the areas of sportsmanship, fair play, sporting and competitive structure and sport-specific coaching education. The District makes no recommendation as to which local, regional or national program(s) each Affiliate Organization may choose as their preferred educational and/or training tool(s). Each Affiliate Organization must agree to provide documentation of training by providing meeting dates and/or meeting minutes and/or participation rosters to the District and/or upon request. Affiliate Organizations, under all circumstances, shall have no less than thirty days to comply with any such request(s).
10. Activities sponsored by Affiliate Organizations shall not unlawfully discriminate against or exclude any individual participant or volunteer, from participation for reasons of race, color, creed, sex, religion, national origin or ancestry, citizenship status, sexual orientation, age (except as an appropriate division of programming levels for youth athletics programming), physical or mental handicap unrelated to ability, marital status or an unfavorable discharge from military service, or any other protected class recognized under local, state, or federal law. Registration for membership/try-outs must first be open to all residents of the District up to the group's registration deadline.
11. Affiliate Organizations must adhere to the inclusion policies governing public recreation programs as set forth by the Americans with Disabilities Act (ADA). Reasonable accommodations for inclusion of all participants must be provided for at the Affiliate Organization's own expense.
12. An entity shall not be eligible for status as an Affiliate Organization unless it first provides reasonable satisfactory evidence to the District that it is a "not-for-profit" organization as herein defined. A "not-for profit" organization is an organization or group (i) the revenues of which are exclusively devoted to the development, continuation, promotion, operation and expansion of the specialized activities in which the organization is involved; (ii) the expenses of which are limited to the purposes to which it is devoted and may include but shall not be limited to the payment of reasonable salaries and compensation to its officers, agents, employees and contractors, and (iii) the assets of which will not, either during its operation or upon its dissolution, be distributable to or for the benefit of any individual or for profit entity, group or organization.

13. Affiliate Organizations must attain written approval from the Executive Director of the District to enter major sponsorship agreements with potential third party partners prior to the execution of a sponsorship agreement. The District has the right in its sole discretion to deny any major sponsorship agreement that may not be in the best interest of the District.
14. The Affiliate Organization will name the District as an additional insured on its insurance policy. The Affiliate Organization shall, at all times, maintain during its operations liability insurance in such amounts as determined by the affiliate agreement and with such insurers as shall be reasonably acceptable to District. A copy of this insurance policy must be provided to the District on an annual basis.
15. Affiliate Organizations agree to conduct criminal background checks for all employees and volunteers and directly supervising individuals under the age of eighteen. The Affiliate Organization is solely responsible for determining whether any conviction shall disqualify an employee or volunteer.
16. Affiliate Organizations agree to cross-reference any and all employees and volunteers with the federal, state and/or local child offender database.
17. Affiliate Organizations must provide the name and contact information of a primary liaison to the District for the purpose of communications regarding specific programs.
18. Affiliate Organizations are required to adhere to all ordinances governing the use of the District owned or controlled property, and are expected to acquire the required permits for all activities and functions.
19. Affiliate Organizations will comply with all other terms and conditions set forth in the Affiliate Organizational Agreement.

BENEFITS OF AFFILIATE STATUS

1. The District will provide a staff liaison to represent the interests of the Affiliate Organization to the District.
2. Use of District fields or facilities may include priority in scheduling and/or at reduced rates and/or without the requirement of a rental deposit and/or no charge. Fees applied to the District will be passed on to the appropriate Affiliate Organization, for example, Commonwealth Edison charges, etc.
3. Access to a viable referral system as implemented through the District. This includes publicity through seasonal District brochures, flyers and posters, and use of District marquee lighted information signs. These opportunities will be provided without risk of interference or the impedance of routine/daily operations.

4. Access to an annual Affiliate Organization's meeting with staff of the District to provide a vehicle to evaluate services, acquire technical assistance, and provide input within the District and to coordinate facility use.
5. Opportunity to utilize professional staff expertise, equipment, operational logistics, and other in-kind services as may be available by the District. These opportunities will be provided without risk of interference or the impedance of routine/ daily operations.
6. The District shall serve in an administrative capacity and process and pay for those criminal background checks required by this Agreement.

THE APPLICATION AND SELECTION PROCESS

Special interest organizations which desire consideration for affiliate status shall direct written notification of same to the Executive Director. In addition to a letter of application, the organization must submit:

1. Written by-laws/guidelines of the organization.
2. A statement of purpose and description of the specialized activities.
3. A list of current officers and membership/participants.
4. Proposed annual budget/financial statement/audit.

After receipt of the materials, organizational representatives are required to meet with the District staff representative. The staff of the District will evaluate and make recommendations to the Board with written reports for consideration. A majority vote of the Board at a regularly scheduled meeting, in favor of granting affiliate status, will convey conditional affiliate status.

All newly accepted Affiliate Organizations shall be granted conditional status for a period of twelve months after the approval of the agreement by the Board. After twelve months, the conditional status will be changed to full status pending a majority vote of the Board at the regular meeting following the above mentioned review. This is to ensure, within the first twelve months of operation, that the Affiliate Organization has met and upheld all criteria as established within these guidelines.

AFFILIATE ORGANIZATION AGREEMENT

Approved affiliate organizations will receive from the District an Affiliate Organization Agreement outlining responsibilities of the District/Affiliate as they pertain to their organization.

ANNUAL RENEWAL OF AFFILIATE STATUS

Those organizations, which have attained full affiliate status, shall be subject to an annual review based on compliance with the following items:

1. Representation at the annual meeting.
2. Remittance on an annual basis of a complete financial report as reported to the Internal Revenue Service.
3. Remittance of a list of current officers and complete membership profile.
4. Remittance of any changes to the guidelines of the Affiliate Organization.
5. Any changes to written by-laws beyond the original scope or intention shall require re-application for affiliate status.

Failure to comply with any of the abovementioned requirements by the end of the District's fiscal year will result in the designation of probationary status for a period of three months. If at the end of three months the Affiliate Organization fails to comply, all privileges and services as provided by the District shall be terminated.

CONDITIONS OF DISSOLUTION OF AFFILIATE STATUS

If an Affiliate Organization fails to maintain some form of affiliate status or chooses to terminate its relationship with the District, notification must be served in writing to the Board of Park Commissioners. Any and all assets shall remain with the respective members and officers of the Affiliate Organization.

The District retains the right to alter the terms and conditions of an Affiliate Organization's affiliate status or to terminate an Affiliate Organization's affiliate status at any time and for any reason, including, but not limited to misconduct of the Affiliate Organization or for misuse of property, for purposes deemed necessary for public safety or preservation of property, if termination serves the interests of the District residents, because the Affiliate Organization has breached any of its obligations under the Affiliate Organization Agreement, such as violation of the District ordinance(s), failure to adhere to the Affiliate Organization's own rules, regulations and/or by-laws, or as otherwise specified in the Affiliate Organization Agreement. Notification of any such changes or terminations shall be made in writing, and unless otherwise notified, will become effective immediately. Under such circumstances, any and all assets shall remain with the respective members and officers of the Affiliate Organization.

If an Affiliate Organization, for any reason, chooses to terminate its existence, all funds, supplies, and equipment shall be deeded to the District unless the Affiliate Organization's by-laws indicate Affiliate Organization's assets must be distributed in some other way or such distribution of assets is otherwise prohibited by law. The decision to liquidate and convey said items shall be presented in writing to the Board of Park Commissioners.

It is the intention of the District to enable an Affiliate Organization to provide programming services to distinct special interest groups. It is not the intention of the District to provide an Affiliate Organization with an opportunity to fundraise beyond the needs of that programming effort. Associations/organizations who report substantial cash balances will need to outline a plan for the distribution of those funds appropriate to the needs of the organization. The existence of surplus funds with no plan for disbursement will jeopardize both the existing District/Affiliate Agreement and the affiliate status of the association/organization.

When an Affiliate Organization fails to meet or maintain the requirements for affiliate status and further fails to clear probationary status, the process of re-application and re-acceptance shall follow the steps noted within these guidelines.

2.21 CITIZEN INPUT

The Skokie Park District is committed to meeting the park and recreational needs of the community and values citizen input. Citizens can attend any open public meetings and an agenda item named “Comments from Citizens” will appear on all regular meetings of the Board of Park Commissioners to provide a direct method for residents to address the Board.

The District may gather input from citizens in several ways:

1. Public Meetings

Citizens shall be invited to provide input and comments during the “Comments from Citizens” time of each Board meeting.

2. Advisory Committees

Advisory committees may be established for a variety of activities as described, may be both standing and ad hoc, and may have individuals of the public as members.

3. Survey and Focus Groups

The District periodically conducts surveys and focus group to gather input about community needs. These may be general as relates to parks and recreation or specifically targeted to a particular park or activity.

4. Public Hearings

Public Hearings are held to provide an opportunity for input about parks and facility improvements or concerns on specific topics which may arise. Residents who typically use or are neighbors to a park or facility will be invited to attend. An agenda is generally prepared and minutes are provided following the meeting.

5. Evaluations

Program evaluations will be provided to participants to solicit feedback about District programs.

6. District Website

Public input may be solicited via the District's website through formal or informal surveys, questionnaires, blogs, social media sites or other methods deemed appropriate.

7. Customer Comment Cards

Customer comment cards, at times, may be made available at facilities for citizen input. Comment cards may be facility specific or general in scope to measure customer satisfaction, condition of facilities and quality of services.

8. Informal Input

Staff shall be open to receiving feedback and input via telephone, email, regular mail, or in person. Input shall be passed to superiors, advisory committees, and the Park Board as appropriate.

2.22 AMERICANS WITH DISABILITIES ACT

The Skokie Park District acknowledges and supports the Americans With Disabilities Act (42 U.S.C. 12131 "ADA") and prohibits discrimination on the basis of disability in the services, programs, facilities and parks activities of the District.

The Superintendent of Parks is the District's Compliance Officer.

The Board of Park Commissioners adopted the ADA grievance procedure and authorizes, empowers, and directs the Executive Director of the District to designate a responsible employee

or employees to coordinate the District's efforts to comply with and carry out its responsibilities under ADA. The Superintendent of Parks is the District designated ADA coordinator.

The District has adopted a policy of compliance in the construction of new facilities and will continually evaluate its services, policies, and practices in light of the requirements of ADA.

1. The District conducted an audit and created a transition plan which was completed in 2011 and adopted by the Park Board in February of 2012.
2. The transition plan identified many items throughout the District which required action; some immediate and others will take place in conjunction with planned or future renovation projects. The District updates the transition plan annually to coincide with the five-year capital improvement timeline.
3. The District complies with all the Americans with Disabilities Act (ADA) guidelines. Should any participant have a disability and is interested in participating in or attending a District program, the District will make reasonable accommodations to facilitate that opportunity. The District has appointed an ADA coordinator, who when appropriate, will work with the Main-Niles Association of Special Recreation's Integration Specialists to provide for individual needs.

2.23 NON-DISCRIMINATION AND ANTI-HARASSMENT POLICY:

The Park District is committed to a work environment that is free of discrimination and harassment. In keeping with this commitment, the Park District strictly prohibits harassment of or discrimination towards Park District employees, or elected officials by anyone, including any supervisor, co-worker, fellow board member, vendor, contractor, or other regular visitor of the Park District, based upon the individual's race, color, religion, sex, pregnancy, national origin, ancestry, age, physical or mental disability, marital status, order of protection status, sexual orientation, gender identity, military or veteran status, unfavorable discharge from military service, genetic information, or any other category protected by law. Violation of this policy shall be considered grounds for disciplinary action up to and including discharge.

Harassment consists of any unwelcome conduct, whether verbal, physical, or visual, that is based upon a person's actual or perceived protected class that has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment. The Park District will not tolerate harassing conduct that affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile or offensive working environment.

The conduct forbidden by this policy specifically includes, but is not limited to, (a) epithets, slurs, negative stereotypes or intimidating acts that are based on a person's protected status; and (b) written or graphic material circulated within or posted within the workplace that shows hostility toward a person because of protected status.

"Sexual harassment" is defined by law as any unwelcome sexual advance, requests for sexual favors, or any verbal or physical conduct of a sexual nature when, (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment, as defined above, may include, but is not limited to, the following behavior:

1. Uninvited sex-oriented verbal “kidding” or demeaning sexual innuendoes, leers, gestures, teasing, sexually explicit or obscene jokes, remarks or questions of a sexual nature;
2. Graphic or suggestive comments about an individual’s dress or body;
3. Displaying sexually explicit objects, photographs, writings, or drawings;
4. Unwelcome touching, such as patting, pinching or constant brushing against another’s body; or
5. Suggesting or demanding sexual involvement of another employee whether or not such suggestion or demand is accompanied by implicit or explicit threats concerning one’s employment status or similar personal concerns.

Keep in mind that an employee may complain about harassment if the employee is subjected to consensual behavior between two or more other employees.

All Park District employees are responsible to help ensure that harassment does not occur and/or is not tolerated. An employee who believes that he or she has been subjected to sexual or other types of harassment, or who has witnessed harassment, should immediately submit a complaint to his or her immediate supervisor, division head, Human Resource Manager or the Executive Director. If you feel uncomfortable doing so, or if your immediate supervisor or division head is the source of the problem, condones the problem or ignores the problem, report directly to the Human Resource Manager or the Executive Director. If the Executive Director is the source of the problem, condones the problem, or ignores the problem, you should contact the President of the Board of Park Commissioners. If a manager or supervisor receives a complaint of harassment or discrimination directly from an employee, or becomes aware of such conduct, the complaint shall be immediately reported to the Human Resource Manager. Any employee who knowingly files a false complaint may be subject to disciplinary action, up to and including discharge.

The Human Resource Manager shall promptly investigate all complaints and make all reasonable efforts to resolve the matter informally. These efforts may include, but are not limited to, convening a conference with the complainant and/or the accused harasser/discriminator to discuss the complaint and the results of the investigation. If the complainant or the accused is not satisfied with the disposition of the investigation, he or she may submit in writing an appeal to the Executive Director, who will review the investigation report, may conduct further investigation, and make a final decision.

Reporting harassment or participating in an investigation will not reflect adversely upon an individual’s status or affect future employment. Any employee who retaliates against another for exercising his or her rights under this policy shall be subject to discipline, up to and including discharge. The rights to confidentiality, both of the complainant and of the accused, will be

respected consistent with the Park District's legal obligations and with the necessity to investigate allegations of misconduct and to take corrective action when this conduct has occurred.

A substantiated charge against an employee will subject the employee to disciplinary action, up to and including discharge.

Complaint Procedure for Board of Park Commissioners: Alleged harassment by a commissioner against another elected official can be reported to the Board President. If the Board President is the reporting person or is implicated by the allegation, the report can be made to any other commissioner. Any report under this section must be referred to the district's legal counsel, who then must appoint a qualified independent attorney or consultant to review and investigate the allegations.

The filing of a complaint under the procedures described herein shall not limit, extend, replace or delay the right of any person to file a similar complaint or charge with any appropriate local, State, or federal agency or court.

While we hope to be able to resolve any complaints of harassment or discrimination within the Park District, we acknowledge your right to contact the Illinois Department of Human Rights (IDHR) at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago, Illinois 60601, about filing a formal complaint, and, if it determines that there is sufficient evidence of harassment to proceed further, it will file a complaint with the Illinois Human Rights Commission (HRC), located at the same address on the fifth floor. If the IDHR does not complete its investigation within 365 days, you may file a complaint directly with the HRC between the 365th and the 395th day.

Legal Remedies: This policy and procedure do not preclude an individual from exercising his/her rights or invoking his/her protections afforded by the Illinois Human Rights Act, State Officials and Employees Ethics Act, Whistleblower Act or any other applicable law.

3.08 INVESTMENT POLICY

PURPOSE

This investment policy is adopted in accordance with the requirements of the Public Fund Investment Act (30 ILCS 235/0.01 *et seq.*), to establish investment guidelines for officials of the Park District who are responsible for the financial management of Park District funds.

It is the policy of the Skokie Park District to invest public funds in a manner which will provide the highest investment return consistent with preservation of capital while meeting the daily cash flow demands of the District and conforming to all federal, state and local laws governing the investment of public funds. The District charter provides that the Board of Park Commissioners approves depositories.

SCOPE

This policy includes all funds governed by the Board.

PRUDENCE

The standard of prudence to be used by investment officials shall be the “prudent person” standard and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and this investment policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and the liquidity and the sale of securities are carried out in accordance with the terms of this policy.

The “prudence person” standard states that “Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.”

INVESTMENT OBJECTIVES

This Investment Policy is intended to assure the maximum security of the principal of Park District investments, to comply with all legal requirements for the investment of Park District funds, and to maintain sufficient liquidity to meet the cash flow demands of the Park District. The primary objectives of investment activities, in priority order, shall be safety, liquidity, and yield.

1. Safety:

The safety of principal is the foremost objective of the Park District's Investment Policy. All investments shall be undertaken in a manner that seeks to insure the preservation of capital and protection of investment principal in the overall portfolio. The objective shall be to mitigate credit risk and interest rate risk.

a. Credit Risk

The Park District will minimize credit risk, or the risk of loss due to the failure of the security issuer or backer, by:

- i. Limiting investments to the safest types of securities;
- ii. Pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with whom the district will do business; and
- iii. Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

b. Interest Rate Risk

The Park District will minimize the risk that the market value of securities in the portfolio will fall, due to changes in the general interest rates, by:

- i. Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity; and
- ii. Investing operating funds primarily in shorter-term securities, money-market mutual funds, or similar investment pools.

2. Liquidity:

The investment portfolio shall remain sufficiently liquid to enable the Park District to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands (static liquidity). Furthermore, since all possible cash demands cannot be anticipated, the portfolio should consist largely of securities with active secondary or resale markets (dynamic liquidity). Alternatively, a portion of the portfolio may be placed in money market mutual funds or local government investment pools which offer same day liquidity for short-term funds.

3. Yield

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. The core of investments are limited to relatively low risk securities in anticipation of earning a fair return relative to the risk being assumed. Securities shall generally be held until maturity with the following exceptions:

- a. A security with declining credit may be sold early to minimize loss of principal;
- b. A security swap would improve the quality, yield or target duration in the portfolio; or
- c. Liquidity needs of the portfolio require that the security be sold.

DELEGATION AND AUTHORITY TO MAKE INVESTMENTS

The establishment of investment policies is the responsibility of the Board of Park Commissioners. Management and administrative responsibility for the investment program is hereby delegated to the Treasurer of the District who, under the delegation of the Board of Park Commissioners, shall establish written procedures and internal controls for the operation of the investment program consistent with this Investment Policy.

Procedures include references to safekeeping, delivery vs. payment, investment accounting, wire transfer agreements and collateral/depository agreements. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Treasurer and approved by the Executive Director. The Treasurer will be responsible for all transactions undertaken and will establish a system of controls to regulate the activities of subordinate officials. The Treasurer may from time to time amend the written procedures as approved by the Executive Director in a manner not inconsistent with this Policy or with State law.

Notwithstanding the foregoing, the Board of Park Commissioners shall approve the opening of any account with any security broker/dealer and the general allocation of Park District funds among (a) the Public Treasurers' Investment Pool established under the State Treasurer Act (15 ILCS 505/0.01 *et. seq.*), (b) accounts with any broker/dealer and (c) accounts with any bank.

ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Employees and investment officials shall disclose any material interests in financial institutions with which they conduct business. They shall further disclose any personal financial/investment positions that could be related to the performance of the investment portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the Park District

SAFEKEEPING AND CUSTODY

A. Financial Institutions

It shall be the policy of the Park District to select financial institutions on the following basis:

1. Security

The Park District will not maintain funds in any financial institution that is not a member of the Federal Deposit Insurance Corporation (FDIC) or the Securities Investor Protection Corporation (SIPC) system. Furthermore, the Park District will not maintain funds in any financial institution not willing to post, or not capable of posting, required collateral for funds in excess of the FDIC or SIPC insurable limits.

2. Size

The Park District will not maintain deposits in any financial institution in which the District funds on deposit will exceed 75% of the institution's capital stock and surplus.

3. Location

The Park District shall encourage investment in financial institutions within the Park District's boundaries whenever possible. However, the Board of Park Commissioners may approve qualified depositories regardless of location.

4. Statement of Condition

The Park District will maintain, for public and managerial inspection, current statements of condition for each financial institution named as depository. If, for any reason the information furnished is considered by the Treasurer to be insufficient, additional data may be requested. The refusal of any institution to

provide such data upon request may serve as sufficient cause for the withdrawal of Park District funds.

5. Qualifications

Any financial institution which desires to handle the Park District's investments shall provide the Park District's Treasurer with audited financial statements, proof of qualification under State law for acceptance of investments of public funds, and certification of having read this investment Policy. The Treasurer shall review the information provided, and shall make a recommendation to the Board of Park Commissioners concerning use of such institution for deposit and investment of Park District funds.

B. Internal Controls

The Treasurer is responsible for establishing and maintaining an internal control structure designed to insure that the assets of the District are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits require estimates and judgments by management.

Accordingly, the Treasurer shall establish a process for an annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points:

- Control of collusion;
- Separation of transaction authority from accounting and record keeping;
- Custodial safekeeping;
- Written confirmation of telephone transactions for investments and transfers;
- Clear delegation of authority to subordinate staff members; and
- Development of a wire transfer agreement with the lead bank or third party custodian.

AUTHORIZED AND SUITABLE INVESTMENTS

Except as hereafter provided, investments shall be made only in the types of security allowed for pursuant to the Public Funds Investment Act (30 ILCS 235/1 *et seq.*) (the "Investment Act").

The funds of the District shall be invested as follows:

1. In bonds, notes, certificates of indebtedness, Treasury Bills or other securities that are guaranteed by the full faith and credit of the United States of America as to principal and interest.

2. In interest bearing savings accounts, interest bearing certificates of deposits or any other investments constituting direct obligations of United States Banks and are insured by the Federal Deposit Insurance Corporation.
3. The District will not invest any of its funds in any company that produces or distributes alcohol and/or tobacco.

COLLATERALIZATION

Funds on deposit (checking accounts, certificates of deposit, etc.) in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent – third party institution in the name of the District.

The Park District will accept any of the following assets as collateral:

1. U.S. Government Securities;
2. Obligations of Federal Agencies;
3. Obligations of Federal Instrumentalities;
4. Obligations of the State of Illinois; and
5. General Obligation Municipal Bonds rated “A” or better by a nationally recognized rating agency.

The amount of collateral provided will be not less than 110 percent of the fair market value of the net amount of public funds secured. The ratio of fair market value of collateral to the amount of funds secured will be reviewed quarterly, and additional collateral will be requested when the ratio declines below the level required and collateral will be released if the market value exceeds the required level. Pledged collateral will be held in safekeeping by a third-party depository designated by the Park District. Collateral agreements will preclude the release of the pledged assets without an authorized signature from the Park District.

NO HYPOTHECATION OF SECURITIES

No securities purchased by the District shall be hypothecated or otherwise borrowed against or pledged as security for any other person or account. Each security broker/dealer maintaining an account for the District shall observe this prohibition and shall not be authorized to pledge or collaterally assign securities purchased by the District in connection with margin loans to third parties, repurchase agreements or otherwise.

DIVERSIFICATION

The District shall diversify its investments to the best of its ability based on the types of funds invested and the cash flow needs of those funds. Diversification can be type of investment, number of institutions invested in and length of maturity.

To avoid unreasonable risks, investments shall be diversified by:

1. Limiting investments to avoid overconcentration of securities from a specific issuer or business sector (excluding U.S. Treasury securities);
2. Limiting investment in securities that have higher credit risks;
3. Investing in securities with varying maturities; and
4. Continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs), money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

MAXIMUM WEIGHTED MATURITY

To the extent possible, the District shall attempt to match its investments with anticipated cash flow requirements. The District's securities held in any account maintained with a security broker/dealer shall have an average weighted maturity that does not exceed five (5) years. Each separately maintained account with a security broker/dealer shall satisfy such test without regard to other funds or accounts maintained by the District (such as funds invested in the Public Treasurers' Investment Pool established under the State Treasurer Act (15 ILCS 505/0.01 *et. seq.*)).

PERFORMANCE STANDARDS

This investment portfolio will be managed in accordance with the parameters specified within this policy. Portfolio performance should be compared to benchmarks with similar maturity, liquidity and credit quality as the portfolio. Applicable benchmarks will be the rate earned by the Public Treasurers Investment Pool for funds so invested or, in the case of actively managed accounts, the Lehman Brothers Intermediate Government Bond Index or a current comparable index. The portfolio should obtain comparable rates of return during a market/economic environment of stable interest rates.

REPORTING

The Treasurer shall prepare an investment report at least monthly. The report should be provided to the Board and available upon request. The report should be in a format suitable for review by the general public. This report shall include the following:

1. Listing of individual securities held at the end of the reporting period by fund;

2. Listing of investments by maturity date;
3. Interest rate of each investment;
4. Amortized book value of each investment;
5. Par value of each investment; and
6. A comparison of year to date earnings to the proposed budget.

An annual report should also be provided to the Board.

MARKING TO MARKET

A statement of the market value of the portfolio shall be issued to the Board of Park commissioners quarterly.

SELECTION OF INVESTMENT ADVISORS, MONEY MANAGERS

To the extent the Park District requires advice concerning its investments, the Park District's Treasurer may, from time to time, recommend contracting with investment advisors or money managers. Any such investment advisor or money manager shall provide the Treasurer with audited financial statements, proof of state registration, certification of having read this Investment Policy, and references of previous clients. The Treasurer shall review the proposals of such individuals or firms, and shall make a recommendation to the Board of Park Commissioners concerning a contract.

No investment advisor or money manager shall be retained except by contract approved by the Board of Park Commissioners.

INVESTMENT POLICY AMENDMENT

This Investment Policy shall be reviewed on an annual basis by the Treasurer, who shall make recommendations to the Board. The Board shall approve modifications to this Investment Policy by ordinance. The Investment Policy in effect from time to time shall be that with the latest revision date approved by the Board.

3.09 PURCHASING POLICY AND PROCEDURES STATEMENT OF INTENT

The Board of Park Commissioners recognizes the need for materials supplies, equipment and services of a quality and quantity necessary to operate the Skokie Park District. Requirements to that end shall be specified to provide full and free competition among potential suppliers. Financial operations shall be recorded in an established manner and internal controls shall be such that accurate records of all procedures and transactions shall be available for audit purposes.

PROCEDURES

The objective of the purchasing policies and procedure is to set forth a general policy and procedure, which will assist the District in purchasing:

1. Material and services of sufficient quality at the most economical price available.

5. For all construction projects, additional language regarding compliance with Prevailing Wage Act will be required. *See* Section 3.10 of this Manual.
6. It shall be the duty of the appropriate division head or designee to:
 - a. Procure for the District all supplies and contractual services at the lowest total cost that meet the District’s established specifications, terms of deliver, quality and serviceability.
 - b. Endeavor to obtain as full and open competition as possible on all purchases and sales.
 - c. Prescribe and maintain such forms and records as shall be found necessary to maintain purchasing procedures.
 - d. Cause to be prepared or prepare as necessary, written specifications detailing the District's requirement on items to be purchased.
 - e. Keep purchasing records open for public inspection.
 - f. Give all salesmen a full, fair prompt courteous hearing.
 - g. Never allow a revision in a bid after the closing time.
 - h. Keep himself/herself free from obligation to any vendor.
 - i. Cooperate with and keep other departments informed as to the status of a requisition, bid or purchased items.

No District employee to order the purchase of any supplies \$450.00 or greater without their Supervisor’s approval. The District shall not be bound to any purchase order or contract made without said approval. In those cases of emergencies, see *Emergency Purchases in this section*.

PURCHASE AGREEMENTS

A Purchase Agreement is a form of contract (through Business Services) whereby the vendor obligates himself to supply all of the requirements of the District for a given commodity or service for a given period of time, usually one year.

PURCHASING CALENDAR

The Superintendent of Business Services works with all division heads to ensure a good cash flow of District funds. Large purchases, preferably, are spaced throughout the budget year in a manner that both benefit the departmental needs and the District's receipt of revenues.

PURCHASING PROCEDURE

1. Except as described under the sections "Emergency Purchases", a Purchase Order must be obtained for all purchases equal to or exceeding \$450.
2. All departments must obtain a Purchase Order before making any purchase equal to or exceeding \$450 (exception individual entertainment contracts or special service contracts). All purchase orders must be approved by the Business Services Superintendent and if the purchase order is equal to or greater than \$6,000, approval from the Executive Director must also be obtained.
3. In order to obtain a Purchase Order, an on-line Purchase Requisition shall be completed indicating: date, department, item number, description and account number.
4. All purchase requisitions shall be reviewed by the Superintendent of Business Services to determine that the appropriate account has been referenced and that sufficient funds are available.
5. All Purchase Orders require approvals as follows:
 - a. \$450 - \$5,999.99 – Superintendent of Business Services
 - b. \$6,000 - \$25,000 – Superintendent of Business Services and Executive Director
6. Upon receipt of the purchased goods, the receiving/packing slip must be signed and dated.
7. All invoices must be mailed to accounts payable.
8. After departmental approval, the invoice, receiving and packing slips are to be forwarded to accounts payable.
9. All invoices shall be paid in accordance with the Local Government Prompt Payment Act, 50 ILCS 505/1 *et seq.*

PETTY CASH FUND

The Petty Cash Fund is NOT to be used to avoid or circumvent the purchasing procedures of the District.

A Petty Cash Fund has been established to expedite miscellaneous small purchases and paying small bills. The fund can be used by all departments for facilitating transactions of District business.

Petty cash requests must be accompanied by a receipt and an account number. It should be noted that this fund is reimbursed via charge to user departments.

PURCHASE REQUISITION PROCEDURE

Purchase requisitions are to be used for the purchase of all material, supplies, equipment and services except minor (under \$450) materials and services.

Requesting department will:

1. Provide a listing (if available) of suggested vendors, including contact, e-mail, phone and fax numbers.
2. Furnish complete description of project material or service to be used.
3. Indicate exact delivery date (terms such A.S.A.P. and RUSH are too nebulous).
4. Show correct account # on requisition.

Purchases under \$450

Staff may purchase items within this dollar limit without the use of a purchase order. Division heads may require that they have verbal approval or designate someone for this purpose. The payment procedures for these types of purchases are as follows:

1. Sufficient funds must exist within the budget line item to which the purchases charge the expenditure. Exceptions must be approved by the appropriate division head and the Superintendent of Business.
2. When receiving materials, the packing slip or receiving document provided by the vendor must accompany the transmittal for authorization of payment. Any discrepancy between the materials received and the packing slip must be notated on the packing slip. If no receiving document or packing slip is received, the recipient of the materials must initial, date, and notate "received" on the invoice.
3. When the invoice from the purchase is received, the originator of the purchase reconciles receiving documentation and invoice and forwards the invoice to their division head with an invoice transmittal or stamp. Any items invoiced but not received must be deducted from the invoice.
4. The completed transmittal, invoice and receiving documentation, are then approved by the Superintendent of Business Services.
5. The approved transmittals are then entered into the computer by the accounts payable clerk.

6. Checks are cut on Wednesday and Friday and a check register is printed. After the register is approved by the Superintendent of Business, the checks are sent out.

Purchases in the \$4520 - \$2,999 Range

These purchases must be made by purchase order. Orders are not to be placed until approved by the Superintendent of Business Services. The procedures for these types of purchases are as follows:

1. The originator completes an on-line purchase requisition form.
2. Sufficient funds must exist within the budget line item to which the purchaser charges the expenditure. Exceptions must be approved by the division head and the Superintendent of Business Services. In those instances where a vendor pricing discrepancy exists, the Superintendent of Business Services will make every effort to rectify the situation.

Purchases in the \$3,000 - \$24,999.99 Range

For purchases from \$3,000 to \$24,999.99 three (3) written quotes must be obtained and submitted to Business Services. These quotes will be provided by the appropriate division head or designee. This information must be sent in a timely fashion.

BIDDING PROCESS

Purchases in excess of \$25,000 must be in compliance with the Park District Code which provides that: "Every park district shall have and exercise the following powers... to acquire by gift, bequest or purchase any personal property necessary for its corporate purposes provided that all contracts for supplies, materials or work involving an expenditure in excess of \$25,000.00, or a lower amount if required by board policy, shall be let to the lowest responsible bidder, after due advertisement. No district shall be required to accept a bid that does not meet the district's established specifications, terms of delivery, quality, and serviceability requirements. Contracts which by their nature are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part, contracts for the printing of finance committee reports and departmental reports, contracts for the printing or engraving of bonds, tax warrants and other evidences of indebtedness, contracts for utility services such as water, light, heat, telephone or telegraph, contracts for fuel (such as diesel, gasoline, oil, aviation, or propane), lubricants, or other petroleum products, contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, or services, contracts for duplicating machines and supplies, contracts for goods or services procured from another governmental agency, purchases of equipment previously owned by some entity other than the district itself, and contracts for the purchase of magazines, books, periodicals, pamphlets and reports are not subject to competitive bidding. Contracts for emergency expenditures are also exempt from competitive bidding when the emergency expenditure is approved by $\frac{3}{4}$ of the members of the Board." 70 ILCS 1205/8-1(c).

Bids must be presented and voted on at a public meeting held by the Board. The Board will award the project/contract to the lowest most responsible bidder in accordance with 70 ILCS 1205/81-(c).

In determining responsibility of the bidder, the District shall consider, among other factors, the ability of the bidder to provide experienced labor sufficient in numbers to timely and properly complete the services, conformity with the specifications, serviceability, quality, financial responsibility of the bidder, the performance of the bidder on other projects, and past transactions with the bidder. Any and all bids or portions thereof may be rejected if the bidder is not determined responsible or the character or quality of the services, supplies, materials, equipment or labor do not conform to requirements or if the Board deems the acceptance to be contrary to the best interests of the District. In addition, the bid document must be returned in its entirety and completed in black ink to the appropriate division head or designee. Bids that are not complete will be considered non-responsive and will not be considered.

The Appropriate Division Head or Designee:

1. Prepares (or causes to have prepared) the bid documents, including the technical specifications, standards of quality, standards of performance and certifications as required by law.
2. Places the ad for all bids in the local newspaper and on the District's website. Compiles a list of vendors.
3. Prepares and distributes the bid documents via fax/e-mail, mail or web page.
4. Prepares and issues addenda to all bidders of record.
5. Presides over the bid opening, opens each sealed envelope and reads each vendor who has submitted a bid and the bid amount(s).
6. Analyzes the bids and prepares a recommendation to the appropriate Superintendent of the bid. Also submits copies of the bids received.
7. Awaits the Board's official decision and prepares a purchase order or contract in accordance with both the purchase requisition and bid. A copy of the bid is attached to the actual purchase order/contract mailed to the awarded vendor and all copies of the purchase order/contract are distributed.
8. Posts on the District's website the results of the bid and contract approval.

BID GUIDELINES

All bids shall be submitted on the bid forms as supplied by the District. Care should be exercised by the bidder that all amounts on the bid form are correct.

1. Taxes

The District is exempt from local and State of Illinois Sales Tax and from Federal Excise Tax and these must not be included in the bid or invoice price.

2. Delivery Date

All bids shall state the approximate delivery or completion date(s).

3. Terms

Payment terms shall be in compliance with the Local Government Prompt Payment Act (50 ILCS 505/1 *et seq.*) Notwithstanding the forgoing, in some cases (shall not apply to any contracts for construction), if specified in the Instructions to Bidders, the bidder may specify terms of payment the bidder wishes to offer to the District. Discounts, where available, will be deducted from the base bid in determining the low bidder, including cash discounts allowed for payments made within 10 days.

4. Shipping point

All bid prices shall be F.O.B. delivered and assembled (if necessary). Any and all shipping and delivery charges shall be included on all bids/proposals and specified as such. All deliveries require a telephone call 24 hours prior to delivery.

5. Samples

If samples are required to be submitted with the bid, or as part of the bid review process, they will be held until after an award is made unless otherwise specified. Should a vendor wish to submit a sample for trial use, the product must be presented at no cost or obligation to the District.

BID BOND

A bid bond or a bank cashier's check may be required in certain instances for projects competitively bid. Such security will be used as a guarantee that the successful bidder will enter into a contract with the District for the services/supplies required by the bid and provide a performance and/or labor and materials payment bond if required by the Instructions to Bidders.

SUBMITTING BIDS

All bids must be received in an envelope sealed and marked as indicated in the Legal Notice/Invitation to Bid and the Instructions to Bidders and must be delivered personally or mailed in time to be received by the District before the date and time stated for the opening of bids. Bids

received after the designated time will be returned unopened and will not be considered. Faxed or emailed bids will not be accepted.

OPENING OF BIDS

Formal bids shall be opened publicly on the date and time specified in the Legal Notice/Invitation to Bid and the Instruction to Bidders. The appropriate division head or designee shall preside at the bid opening. Once opened, no bid shall be withdrawn for a period of time as specified by the Instructions to Bidders.

In addition to other prohibitions set forth in Section 33E-5 of the Illinois Criminal Code (720 ILCS 5/33E-1 *et seq.*), Section 33E-5 states that an official or employee of the District may not knowingly open a sealed bid at a time or place other than as specified, in the invitation to bid or as otherwise designated by the District, or outside the presence of a witness. An official or employee may not knowingly disclose to any interested person any information related to the terms of a sealed bid, or any bidder's responsiveness to the terms of a sealed bid, except as provided by law or as necessary to the performance of an official's or employee's responsibilities relating to the bid. Violation of this section is a felony. Any bid, offer or proposal for contract, sealed or otherwise, must be in compliance with Section 33E-6 of the Illinois Criminal Code. It is a felony for an official or employee to knowingly convey, outside of the publicly available official invitation to bid or pre-bid conference, to any person who has submitted or intends to submit any bid or proposal, any information concerning the specifications for such contract or the identity of any potential sub-contractors, where inclusion of such terms or contractors in the bid or offer would influence the likelihood of acceptance of such bid or offer. It is also a felony if a bidder or officer is knowingly informed that the bid or offer will be accepted only if specified subcontractors are included.

All contracts must otherwise comply with 720 ILCS 5/33E.

TABULATION AND AWARD

All bids received shall be tabulated. If an award is to be recommended to other than the lowest bidder, justification must be made in writing. A recommendation shall be prepared by the appropriate division head or designee and sent to the appropriate Superintendent with a copy of the bid. The Superintendent then prepares a cover memo and forwards this packet to the Board for their approval.

Following the award of contract, an on-line purchase requisition is prepared. Upon approval/s of said purchase requisition, a purchase order or contract will be issued to the successful bidder.

GENERAL PAYMENT PROCEDURE

1. Originator of purchase verifies goods are received and that goods received match the specifications. Accounts payable clerk compares invoice price/s against purchase order/contract price/s and makes any necessary adjustments, after consulting with the originating department and in compliance with the terms of the purchase order/contract. In the event of any discrepancy between the materials received and the packing slip, the discrepancy must be notated on the packing slip and reconciled on the invoice.
2. When receiving materials, the packing slip or receiving report provided by the vendor must be forwarded to accounts payable for attachment to the invoice.
3. Any invoice logged that is in excess of the amount of purchase authorized will be investigated to prevent a double payment.
4. Invoices are entered into the computer. Checks are cut, and a check register is approved by the Superintendent of Business and printed. After the check register has been approved the checks are mailed.

EMERGENCY PURCHASES

In the course of District operations, it will be necessary from time to time for employees to make purchases on an emergency basis. An emergency purchase shall be considered to be warranted when the purchase of supplies, equipment or service is necessary, without strict adherence to the purchase order procedure, to maintain continuation of vital District services, however if the cost is in excess of \$25,000.00 the bid approval process must be adhered to, unless $\frac{3}{4}$ of the members of the Board approve by resolution that the emergency is exempt from bidding.

In the case of an emergency purchase that does not require Board approval, a brief note on the purchase requisition indicating the need for the emergency purchase should be provided to Business Services not later than noon of the working day following the emergency purchase. (In those cases where the need occurs on a Friday, the purchase requisition shall be received by Business Services by noon of the following Monday.) If greater than \$25,000.00, the Executive Director will get an approval if necessary.

In all cases, the purchase requisition shall be approved by the appropriate division head.

FOLLOW-UP/EXPEDITING OF ORDERS

Business Services will maintain a record of all orders placed and will whenever practical and feasible follow or trace each outstanding order. However, it shall be the responsibility of the requestor to provide Business Services with a realistic delivery date on each requisition that in the user's opinion is required within a certain period of time.

ETHICS

The appropriate division head or designee shall not, directly or indirectly, solicit or accept any money, services or other valuable gifts and shall act in a capacity that demonstrates professional conduct by transacting business in a fair and impartial manner at all times.

PROMOTIONAL INCENTIVES

All promotional incentives and contest awards made available to District personnel by vendors, which are based on District purchases from those suppliers, automatically become the rightful property of the District. Incentives include, but are limited to: free goods offered as part of a "baker's dozen", quantity discounts, promotional allowances, cash prizes, special sales commissions, merchandise prizes, etc. Under no circumstances are payments of sales incentives, personal remuneration or contest awards of any kind to be made to District employees based on purchases from vendors.

3.10 PREVAILING WAGE ORDINANCE

The Illinois Prevailing Wage Act ("Wage Act") requires the Illinois Department of Labor ("IDOL") to investigate and ascertain the prevailing rate of wage for each county in Illinois during June of each year. IDOL must then publish the prevailing wage schedule on its official website no later than July 15 of each year. There is no minimum project cost to which the Wage Act applies.

Additionally, the Wage Act requires the District, for any public works project, to incorporate certain language in both the bid specifications and the contract for the project that the prevailing rates of wages in the county in which the work will be performed shall be paid. If the project is not bid, the District must provide the notice of compliance with the Wage Act on the purchase order or by a separate document. The Wage Act also requires the District, for any public works project, to notify the contractor regarding the contractor's duty to comply with all other requirements of the Wage Act, including without limitation those pertaining to inclusion of required language in subcontracts, job site posting, maintenance and submission of certified payroll and inspection of records.

The District must also comply with the certified payroll record keeping requirements of the Wage Act.

3.11 PERFORMANCE BOND AND PAYMENT BOND REQUIREMENTS

For all District construction projects over \$50,000, the Public Construction Bond Act (30 ILCS 550/0.01 *et seq.*) requires that a performance bond and labor and material payment bond be provided by the contractors performing the work. Said bonds shall cover the faithful performance by the contractor of the work in compliance with the specifications and the proper payment all debts incurred by the contractor in the prosecution of the work, including those for labor and materials furnished for the work. The cost of each bond shall be included in the contract sum for the project. The amount of the bonds shall be equal to one hundred percent (110%) of the contract sum of the project. The contractor shall include in such bonds a provision that guarantees the faithful performance of the Prevailing Wage Act provisions of the contract. Bonds shall be written

by surety, approved by the Park District, with a minimum rating of A- in A.M. Best's Insurance Guide, Moody's Investors Services, Standard & Poor's Corporation, or a similar rating agency. The company must also be licensed in the State of Illinois. Bonds shall be issued by a surety satisfactory to the Park District and shall name the Park District as a primary co-obligee.

At the discretion of the Skokie Park District, for trade contracts less than \$50,000, the requirement of a performance bond and labor and material payment bond as referenced above may be waived, provided that the following conditions are agreed to, fulfilled, and documented in the contract. All requirements will be specifically spelled out in the Instructions to Bidders.

1. **DEPOSIT:** A deposit (certified check) in the amount of ten percent (10%) of the bid amount shall be required and retained by the Park District in an interest bearing account as partial security for the bidder's faithful performance of the contract and as partial security to secure payment from the contractor to underlying suppliers of labor and material. The deposit is in addition to any bid bond required for the project.
2. **PAYMENTS AND RETAINAGE:** One-half (1/2) of the contract amount, less retainage of ten percent (10%) of the pay request amount, shall be paid upon completion of fifty percent (50%) of the contract work. The remaining one-half (1/2) of the contract amount, less additional retainage of ten percent (10%) of the request amount, shall be paid at the completion of one hundred percent (100%) of the contract work.
3. **DOCUMENTS REQUIRED FOR ONE HUNDRED PERCENT (100%) COMPLETION:** The contract work shall not be considered one hundred percent (100%) completed until the following documents have been completed and approved by both the Park District and Architect:
 - a. Punch list and all punch list items have been completed;
 - b. Final waivers of lien and sworn affidavits are submitted;
 - c. Certified payroll for each pay period during the duration of the project; and
 - d. Any and all other documentation required by the Park District and Architect.
4. **PAYMENTS TO UNDERLYING SUBCONTRACTORS AND MATERIALS SUPPLIERS:** When making a request for payment, contractor shall certify that no underlying subcontractor or materials suppliers exist, produce waivers of lien evidencing full payment to underlying subcontractors and material suppliers, or shall provide the name, address, and amount owed to such underlying persons or entities. If any underlying subcontractor or material supplier exists for whom a waiver of lien has not been received, and no dispute exists with the performance of

said subcontractor or material supplier, the Park District may draft its check directly to same, crediting the amount against the total contract amount owed the contractor.

5. **PAYMENT OF DEPOSIT AND RETAINAGE:** Deposit plus accrued interest and retainage shall be paid to the contractor not more than thirty (30) days after completion of one hundred percent (100%) of the contract work and submittal and approval of all documentation. In the event the contractor fails to perform its obligations under the contract or otherwise fails to achieve one hundred percent (100%) completion of the contract work, then the Park District may retain the deposit and retainage, plus accrued interest, to complete or remedy the work. The Park District's use of deposit and retainage funds in this manner shall in no way limit the Park District's rights against the contractor.

If the amount of the contract is less than \$100,000 and the project is not funded by any federal aid funds, motor fuel tax funds, or other state funds, the Park District has the option under the Public Construction Bond Act to consider accepting a non-diminishing irrevocable letter of credit in lieu of the performance bond and labor and material payment bond. The letter of credit must be issued by an Illinois or United States bank which is authorized by law to issue letters of credit and maintain its principal office in Illinois, be in the principal amount of the contract, have an expiration date extendable by the Park District if the project has not been completed and/or the maintenance or warranty periods have not expired before the expiration date stated in the letter of credit, be non-diminishing in its principal amount, except for reduction by the amount of any drafts drawn and paid under the letter of credit, is in a form and from an issuer satisfactory to the Park District, and otherwise complies with the Public Construction Bond Act. If the contractor desires to submit a letter of credit for the Park District's consideration, the contractor must submit the form of the letter of credit and the proposed issuer within five (5) days of the Park District's acceptance of contractor's bid or proposal or as otherwise specified in the Instructions to Bidders. The Park District shall promptly advise the contractor of acceptance, rejection, or required modifications of the letter of credit and of the proposed issuer. If the letter of credit is rejected, the contractor shall provide the performance bond and labor and material payment bond, as outlined above, within five (5) working days of notice of such rejection. The letter of credit may be drawn upon or the bonds enforced by the Park District upon default by the contractor in the performance of any of contractor's obligations under the contract.

Before drawing on the letter of credit, the Park District shall first provide the contractor at least three (3) days advance written notice of the intended draw, except if the default occurs within fourteen (14) days of the expiration of the letter of credit. The Park District need only attempt to provide such notice by telephone or facsimile. If the purposes for which the letter of credit are not fully completed thirty (30) days before the expiration of the letter of credit, the Park District may require the issuer to extend the letter of credit an additional one hundred eighty (180) days, as often as necessary, until the purposes for which the letter of credit has been presented are fully satisfied. The failure of the issuer to extend the letter of credit upon notice from the Park District or within five (5) days thereafter shall be deemed a default for which Park District may draw on the letter of credit.

The contractor shall deliver the required bonds to the Park District not later than three (3) days following the date the Agreement for the project is entered into, or if the work is to be commenced prior thereto, in response to a letter of intent, the contractor shall, prior to the commencement of the work, submit evidence satisfactory to the Park District that such bonds will be furnished. The contractor shall require the attorney who executes the required bonds on behalf of the surety to affix thereto a certified and current copy of the power of attorney.

The Park District may require that all bid proposals be accompanied by a bid bond or bank cashier's check payable to the Skokie Park District for ten percent (10%) of the amount of the bid. The bid security of all except the three (3) lowest responsive and responsible bidders will be returned after the decision to accept or reject bids by the Skokie Park District Board of Park Commissioners. The bid security of the successful bidder will be returned after acceptance by the Park District of an acceptable performance bond, labor and materials/payment bond and a certificate of insurance naming the Skokie Park District as the certificate holder and as additional insured, and the successful bidder has executed and returned to the Park District the contract for the work presented by the Park District.

3.12 BOND RATING

The Board of Park Commissioners requires that the Skokie Park District apply and receive a Bond Rating from Moody's Investor Services when the District goes out for bid and sale of its municipal bonds.

3.13 CONSTRUCTION CHANGE ORDERS

The Board of Park Commissioners recognizes that change orders happen during the construction process. To address the approval of these change orders the following policy is in effect.

1. The Skokie Park District's project manager determines there is a valid need for a change order and negotiates costs and scope with the contractor.
2. A written change order is prepared for review with the appropriate division head and the Executive Director.
3. The Executive Director receives verbal approval for the Board President.
4. If approved, the change order work is completed by the contractor.
5. At the next Board meeting the change order is formally approved by the Board.

Notwithstanding the forgoing, in compliance with the Public Works Change Order Act (50 ILCS 525/1 *et seq.*), in the event the change order authorizes or necessitates an increase in the contract price that is fifty percent (50%) or more of the original contract price, then the portion of the contract that is covered by the change order must be resubmitted for bidding in the same manner in which the original contract was bid.

Section 33E-9 of the Criminal Code of 2012 (720 ILCS 5/33E-1 *et seq.*), provides that any change order or series of change orders which authorize or necessitate an increase or decrease in either the cost of a public contract by a total of \$10,000 or more or the time of completion by a total of 30 days or more must be made in writing. Further, any person employed by and authorized by any unit of State or local government to approve a change order to any public contract who knowingly grants that approval without first obtaining from the unit of State or local government on whose behalf the contract was signed, or from a designee authorized by that unit of State or local government, a determination in writing that (1) the circumstances said to necessitate the change in performance were not reasonably foreseeable at the time the contract was signed, or (2) the change is germane to the original contract as signed, or (3) the change order is in the best interest of the unit of State or local government and authorized by law, commits a Class 4 felony. The written determination and the written change order resulting from that determination shall be preserved in the contract's file which shall be open to the public for inspection. All change orders or series of change orders must comply with Section 33E-9 of the Criminal Code of 2012. 720 ILCS 5/33E-9.

3.14 REVENUE POLICY

This policy is designed to serve as a guide in establishing a fee structure for recreation programs and for determining admission charges to facilities.

The Skokie Park District levies taxes to support recreational programs and facilities. However, tax funds are inadequate to cover all expenses, thus fees and charges are necessary in order to supplement available tax funds.

1. Revenue Facilities

Revenue facilities should be operationally self-supporting and should not require a tax subsidy. Total revenues derived from fees and charges should be established to meet all operating expenses as deemed necessary each year. Admissions and user fees are the major source of income and as a result, extreme care must be taken in establishing fees in order for financial requirements to be reached. These facilities include:

- a. The Skatium
- b. Weber Leisure Center and Fitness First
- c. Devonshire Pool
- d. Skokie Water Playground
- e. Dammrich Rowing Center
- f. Sports Park
- g. The Tot Learning Center

2. Recreation Facilities

Recreation facilities are partially supported by tax funds and fees and charges. Fees and charges will be established to partially offset the costs of running these facilities so they

are not completely reliant on tax revenue. However, tax appropriations are needed to insure safe and adequate operation and maintenance. These facilities include:

- a. Emily Oaks Nature Center
- b. The Skokie Heritage Museum and Log Cabin
- c. Devonshire Cultural Center
- d. Oakton Community Center

3. Programming

The Skokie Park District is committed to offering a wide range of recreational activities to meet the needs and interests of Skokie residents. The District establishes program fees based on a calculation of the direct expenses of the program. An additional 25% is added to the total cost of the program to help offset all indirect costs. The price per person is then determined by deciding what the minimum enrollment will be for the program.

- a. Definitions:
 - i. Direct costs - Include items such as class instructors, class supplies, equipment, transportation rentals or admission tickets.
 - ii. Indirect costs - Include items such as utilities, maintenance allocations, facility operational costs or administrative expenses.
- b. Formula:
 - i.
$$\frac{\text{Direct Costs} \times 1.25}{\text{Minimum \# of Participants}} = \text{price per resident participant}$$
- c. Other factors considered when establishing fees and charges are:
 - i. Market Value. The cost of Skokie Park District programs are compared to other programs in the area including neighboring park districts and local providers. Comparison of cost per hour and program content are analyzed. Content analysis is very arbitrary as content varies significantly.
 - ii. Demand. Programs that traditionally fill or have a high demand can more easily absorb a fee increase. Programs with lower enrollment should be analyzed to determine if the fee is a contributing factor.
 - iii. Economy. In poor economic climates program fees must remain reasonable.

- d. Certain programs may be exempt from the 25% revenue policy.
 - i. Senior Citizen Programs – In order to make programs affordable for senior citizens on a fixed income, senior programs may have lower fees and may not be required to make the additional 25% to cover indirect costs. These programs will be analyzed yearly as part of the budget process.
 - ii. New Programs - When developing a new program, it may take time for the program to meet the minimum enrollment to run the class. Staff can make the decision to run the class at break even for a specified time to encourage registration. These programs will be analyzed yearly as part of the budget process.
- e. Certain programs and activities may be deemed free of charge.
 - i. Playgrounds, fields, and courts (at times there are charges for fields and courts)
 - ii. Community-wide special events

3.15 RESIDENCY POLICY

Since residents contribute to the total operation of the Skokie Park District through tax levies, fee structures for non-residents are higher.
