## Free Skate Programs

Students (ages 6-19) must register according to the last compulsory test level passed. Enroll one class higher than the last test passed, unless approved by the skating director. If in doubt, register for the class your child was in for spring 2018; we will advance your child when they are tested. Remember only those skaters registered in classes are permitted to perform in the Skatium's annual ice show. Also, only skaters registered in Bronze and higher who are registered for the fall 2018, winter 2018 and spring 2019 will be permitted to try-out for a solo in the 2019 ice show. Skaters will not be admitted into the next higher class without having been tested by a Skatium class teacher. Skaters who have passed USFSA Free Skate 6 must register for the Pre-Bronze level. The class level Instructor will then determine which skaters should be placed in the Silver or Gold Classes. Selection will be based on skill level. Bronze, Silver and Gold registrants will need to demonstrate the class skills from their last test level on the first day of class to certify their ability to participate in a high level class. Skaters who do not meet the requirements for the class will be placed in the appropriate level.
